**SCHOOL INTEGRATED PROGRAMME - ALLEN
SCHOLARSHIP TEST
CLASSES VIII-X**

30.04.25

Dear Parent
Greetings of the day!

In continuation of our previous correspondence regarding the **school's collaboration with Allen for the School Integrated Programme (SIP)**, we are delighted to inform that we have received an encouraging response from parents and students. This programme will be beneficial for our students as they would gain an edge over others through the meticulous structure of the SIP classes.

To be a part of this programme, interested students will have to appear for the **scholarship test on Saturday, May 4, 2024 from 11:00 am to 12:00 noon** in the school premises which will be based on **Science, Mathematics (from the syllabus of the previous class) and mental ability**. It will be MCQ based and will be held in pen and paper mode.

Parents who want their wards to appear for the scholarship test should send a one liner message to the Class Teacher by **tomorrow, 1 May 2024** specifying the name of their ward and that he/she would be keen to give the scholarship test.

We look forward to an enthusiastic participation of our students in the scholarship test.

Alka Awasthi
Principal
