APRIL-MAY
EDITION
2024

Grades
III - V

Mayoorians are empowered with the skills to surge ahead in their quest for excellence. Ever forward and never to look back is the spirit which invokes us and guides us throughout. In our endeavour to keep igniting the flame of inquisitiveness, we redefine the learning graph striving hard to make excellence not a skill but an attitude.

Message from the Principal

"Reach high, for the stars lie hidden in your soul.
Dream deep, for every dream precedes the goal."
~ Rabindranath Tagore

Pedagogical Endeavours

Building
Numbers

In a dynamic class activity, students in Grade 3 engaged in an enriching numerical exercise, fostering their analytical and logical acumen. Through collaborative teamwork, they embarked on the task of devising the smallest and greatest four-digit numbers. This interactive endeavour not only honed their mathematical prowess but also encouraged camaraderie and mutual support among peers. Amidst the jovial atmosphere, children enthusiastically selected their preferred number cards, infusing the learning process with a delightful element of play.

Soil symphony: Understanding the layers of soil

Class III students of Mayoor School embarked on a captivating journey into the world beneath our feet, exploring the intricate layers of soil. By conducting an enriching activity, they delved into the composition of soil, collecting samples from various sources such as the playground and garden. Through this hands-on experience, children discovered that soil is a harmonious blend of organic matter, minerals, air, water, and a bustling community of tiny living organisms. Their enthusiasm and engagement in the activity were palpable, demonstrating a keen interest in understanding the foundations of our natural environment.

Hopscotch Activity

The objective was to teach place value system in a fun and interactive manner. Class IV students learnt Indian place value system and class V students gained the knowledge of international place value system.

Hop & Shop (Flip Activity)

An engaging activity "Hop & Shop" was conducted by Class 5 students during their Maths class. The primary objective was to teach students about money transactions and the concepts of profit and loss in a fun and interactive manner. Children participated enthusiastically in this hands-on learning experience. They were involved in buying and selling items, which allowed them to practice calculating costs, profits and losses.

Bushel of Collective Nouns

The class 5 students enthusiastically participated in an activity titled "Bushel of Collective Nouns". They crafted delightful models showcasing a variety of collective nouns and showcased them in the classroom. The activity was enjoyable and captivating, fostering a deep understanding of how collective nouns are used in everyday language. Additionally, they uncovered new collective nouns beyond those provided in the textbook.

Noun Town

Experience serves as the cornerstone of learning. In line with this belief, fourth-grade students at Mayoor School in Noida participated in an interactive activity focused on nouns.

Their goal was to deepen their comprehension of common and proper nouns. Using a pictorial town as their canvas, the students identified and categorized common and proper nouns, showcasing their creations in class. This engaging activity sparked lively discussions about nouns, resulting in a clearer understanding among the students by its conclusion.

Poem Recitation- Deshbhakti Geet

Patriotism is not what your country can do for you, but what you can do for your country, and for sure, the students of class 5 did justice to this quote as they enthusiastically sang their hearts out, reciting the 'Deshbhakti' poem in their respective classes. They learned about some of the great freedom fighters of our nation like Mahatma Gandhi, Ahilyabai Holkar, Rani Lakshmi Bai, Chandrashekhar Azad etc. Each patriot's melodious poem was lauded by the students, which showed their motivation to do great deeds for their country in the near future.

*Season Lexicon Card
Activity*

Students of Grade IV engaged in 'Season Lexicon Card' activity which was designed to help the learners expand their vocabulary and to review and consolidate knowledge about the characteristics and phenomena associated with each season. The learners created a set of cards featuring words and phrases related to seasons. They used magazine cut-outs, illustrations to make their cards and presented their work, explaining the chosen vocabulary and the significance of their illustrations.

Astronaut Adventure

The astronaut-themed activity for grade 3 students provided an immersive and engaging experience in space exploration. It included varied approaches for different learning styles, making the experience both educational and enjoyable. Students explored and gathered information about the life of an astronaut in space. The activity aimed to introduce space exploration, enhance understanding of scientific concepts related to space and gravity, foster creativity and teamwork, and stimulate curiosity.

Understanding Parallels – The Imaginary Lines

Engaging in hands-on activities enhances students' conceptual understanding and promotes long-term knowledge retention. Fifth-grade students recently participated in an activity that illustrated the significance of latitude lines. They created their own globes and marked the parallels on them. Every student was fully engaged and actively participated. This activity not only helped the students grasp the concept of latitudes but also enriched their understanding of the world around them.

Seed Germination Activity

Class 5 students embarked on a magical journey into the world of botany with a seed germination activity! Our curious young learners dived into the fascinating life cycle of plants, exploring how a tiny seed transforms into a sprouting seedling. This hands-on experience not only nurtured their understanding of nature's processes but also fostered a profound appreciation for the environment. Watching their faces light up with wonder and excitement was truly a heartwarming sight!

Celebrations and Assemblies

Welcome Assembly

Kicking off the new school year with an electrifying Welcome Assembly was nothing short of spectacular! Teachers from grades 3 to 5 came together to create an unforgettable experience filled with laughter, learning, and excitement.

But the highlight of the event was welcoming our new students into the warm embrace of our school family.

It was heartwarming to see their faces light up with joy as they took their first steps into a new chapter of their academic journey.

On World Book Day, students from grades 3 to 5 at Mayoor School came together to celebrate the joy of reading and share their passion for books. The event was marked by vibrant discussions, insightful reflections, and a shared appreciation for the power of literature to inspire and transform lives. The World Book Day celebration at Mayoor School was a resounding success, uniting students in a shared appreciation for the transformative power of books. By encouraging students to share their favourite books and engage in meaningful discussions, the event nurtured a love for reading and inspired a lifelong commitment to learning and exploration through literature.

World Book Day Celebration

Prize Distribution Ceremony

Mayoor School recently hosted a memorable Prize Distribution Ceremony to celebrate the outstanding achievements of our grade III and grade IV students for the academic session 2023-24. The event was a testament to the hard work, dedication, and talent displayed by our students across various academic and co-curricular domains. It was a momentous occasion filled with pride, inspiration, and gratitude.

Tree Plantation Drive

"It is not Yours nor Mine, it is Ours So, protect your mother who nourished you – Happy World Environment Day". With this nostalgic notion in their minds class 3 students organised a tree plantation camp. The students along with their teachers under the able guidance and motivation of our Principal ma'am enthusiastically planted saplings in the school campus.

**"Grow Green,
Breathe Clean:
Plant a Tree at
Home Today!"**

Learning the Values of Kindness and Generosity

Class 3 held a heartwarming assembly centred around the themes of kindness and generosity. The highlight of the event was a skit performed by the students, illustrating various acts of kindness and generosity in everyday life.

Each child participated enthusiastically, showcasing their talents and understanding of the theme through engaging dialogues and creative expressions.

A Day of Joy and Adventure: Celebrating Bagless Day

An exciting No Bag Day for the students of grade III to V of Mayoor School was a day filled with fun and adventure! An Inter-Section Poster Making Competition was held with topics related to the environment. The students enthusiastically conveyed their thoughts and creativity through their artwork. Additionally, the children enjoyed a movie and participated in a class party where they shared snacks with their friends.

Workshops

Aeromodeling

The STEAM-based activity which involves designing, building and flying miniaturized aircraft. It is a very exciting and interesting way to learn and understand science and engineering principles and apply them to create art.

Mayoor school in association with Mind Wize Academy organised an orientation for the students of class 3, 4 & 5.

Our young aviators from grades 3 to 5 just had a blast at our Aeromodeling Workshop! They soared beyond the basics, learning about the physics of flight and the basics of creating simple model airplanes. Their creativity and enthusiasm were truly sky-high! ✨
Keep your eyes on the skies—the best is yet to come!

EXCURSIONS

12

Visit to
Kiran Nadar
Museum of Art
Noida

We had an enchanting visit to the Kiran Nadar Museum in Noida with our vibrant class 3 students.

The museum offered a kaleidoscope of artistic wonders, which captivated the young minds and sparked their imagination. Our little explorers delved into the mesmerising art gallery, where they marvelled at the creations of various artists. From intricate sculptures to vibrant paintings, each artwork told its own unique story, igniting curiosity and wonder among the children. The highlight of the visit was the hands-on experience of canvas painting using clay. The children unleashed their artistic flair, creating beautiful masterpieces that reflected their boundless imagination.

EXCURSIONS

VISIT TO SETU

On the enlightening day of May 10th, grade 5 students from Mayoor School, Noida, embarked on a meaningful excursion to an **underprivileged school, SETU**. With hearts full of enthusiasm and a mission to share knowledge, these young ambassadors of education set out to teach an essential aspect of mathematics: the place value systems—Indian and International.

Furthermore, the students explored the nuances of the Indian place value system, highlighting its unique features. The students left the underprivileged school with hearts brimming with fulfillment and newfound appreciation for the power of education.

Mother's Day Activity

The activity aimed to foster creativity, express gratitude and strengthen the bond between students and their mothers through handmade cards and small tokens of love. By engaging in card-making, photo frame designing sharing stories and crafting small tokens of love, students not only celebrated Mother's Day but also strengthened the bond with their mothers.

Poster Making Activity

An Inter-Section Poster Making Competition was held with topics related to the environment. The students enthusiastically conveyed their thoughts and creativity through their artwork. Vibrant colors and powerful messages adorned the posters, highlighting the urgency of environmental conservation and the importance of sustainable practices.

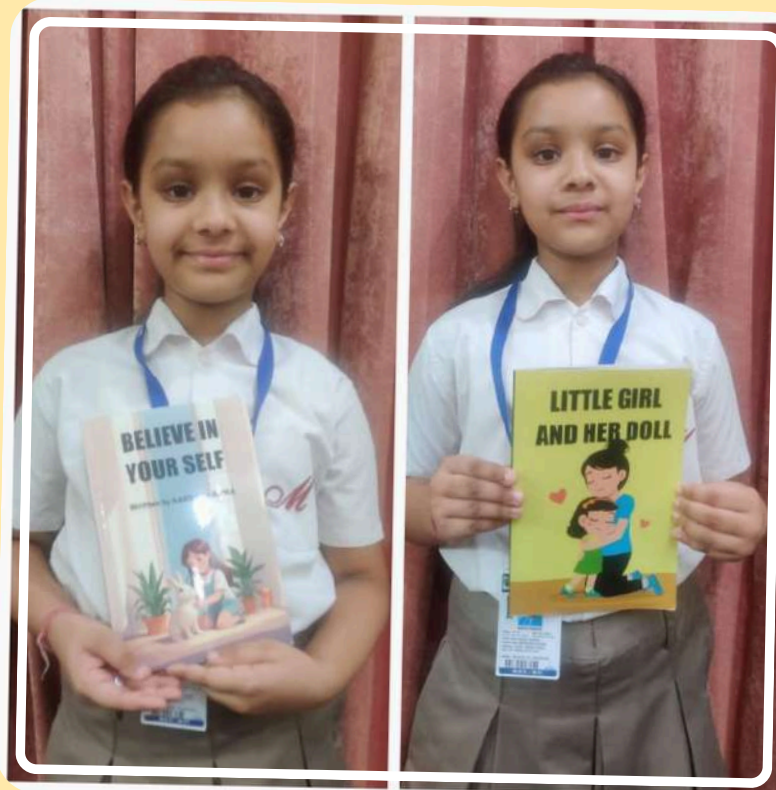

Madhubani Art
- Advik Singh (IV B)

Akshata Amulya, a budding author from Grade 4 at Mayoor School, Noida, has achieved a remarkable milestone with the publication of her travel log in the May 2024 edition of Children's World. This accomplishment highlights her talent and creativity at such a young age, making her school and peers proud.

BUDDING AUTHORS

Aarna Sharma, a Grade 4 student at Mayoor School Noida, has made her school proud by publishing two books: Believe in Yourself and Little Girl and Her Doll. Her remarkable achievement as a budding author showcases her talent and dedication at such a young age.

SPORTS LAURELS

16

Mayoor
Interact Club
Sports Meet

Students from our school achieved remarkable success at the Mayoor Interact Club Sports Meet. Their dedication and hard work paid off as they won numerous laurels across various events. With outstanding performances in track and field and individual competitions, our athletes demonstrated exceptional skill and sportsmanship.

Maham Danish
of class III won a
Silver Medal and a
Bronze Medal in
Fifth Ranking Roller Skating
Championship held at
Amritsar

Inter-House Chess Competition:

Students exhibited strategic thinking, concentration, and resilience in intense matches.

Salil House emerged as the champion, while Amber and Krishanu Houses shared the second position. Commendations were extended to all participants for their dedication.

The walls of Mayoor School, Noida, echoed with the passion and enthusiasm of our young warriors during the Inter-House Karate Competition for Classes IV and V. From the Preliminary Round to the thrilling Final Round in May, each moment was filled with determination and camaraderie. The hall reverberated with the sound of kiai and swift movements as participants showcased their dedication and spirit.

"Stay tuned for more exciting updates next month"
