"Behind every great kid is a mom who believed in them first."

At Mayoor School, we believe that a mother is a child's first teacher and we deeply honour the limitless love and mentorship provided by mothers, who serve as the primary educators in our children's lives. Their tender care not only influences young intellects but also sculpts character with unmatched tenderness. Join us in commemorating the priceless contribution of mothers, whose affectionate guidance lights the way for the learning and development journey of our students.
