

## **MONTHLY NEWSLETTER** **December, 2024** **Grades III, IV and V**

### **Message from the Principal's Desk**

As we approach the final chapter of 2024, December becomes a time to rejoice in milestones achieved, cherish the memories created, and embrace the boundless opportunities that a new year brings. It is a moment to reflect on a year filled with triumphs, challenges, and invaluable lessons—each shaping our personality, confidence, and growth.

As we prepare to step into 2025, let us draw inspiration from the words of Helen Keller: "Alone we can do so little; together we can do so much." With perseverance, determination, and unwavering enthusiasm, I am certain that we will turn our aspirations into reality and soar to even greater heights.

**Wishing each one of you a joyful and prosperous New Year!**  
**May 2025 be filled with blessings, new opportunities, and endless achievements!**

# PEDAGOGICAL ENDEAVOURS

## English : Tense Mastery: A Creative Journey Through Time

The students of Grade IV engaged in a delightful and enriching activity focussed on tenses. With enthusiasm, they crafted beautiful charts showcasing the Simple and Continuous forms across all tenses. As part of the exercise, each student composed sentences using verbs in various tense forms, deepening their understanding of the concept of time in grammar.

## Fraction Fun: Learning Through Hands-On Exploration

Grade III students explored the concept of fractions through an engaging hands-on activity with fraction strips, promoting experiential learning and active participation. Each student was given four strips of paper representing a whole, which they folded into halves, quarters, and eighths, visually illustrating fractions. This interactive activity enhanced their understanding of how a whole is divided into parts, while also encouraging originality and fostering active involvement in the learning process.

# PEDAGOGICAL ENDEAVOURS

## Hindi: Creative Expressions: A Fun Way to Learn Synonyms!

The students of Grade III showcased their creativity by presenting synonyms in an inter-class activity. They chose a natural object, like the sun, and crafted it, writing synonyms for the word “sun” on the cut-out. This engaging activity helped expand their vocabulary while fostering artistic expression. The activity was a delightful fusion of artistic expression and learning.

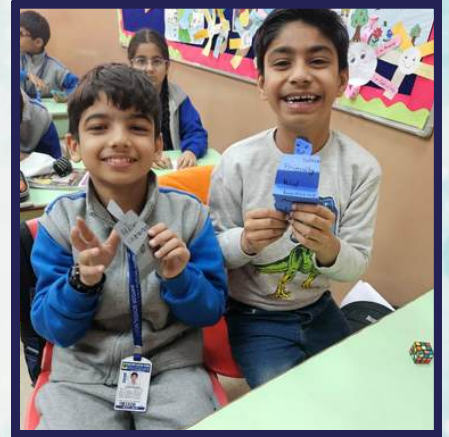

# PEDAGOGICAL ENDEAVOURS

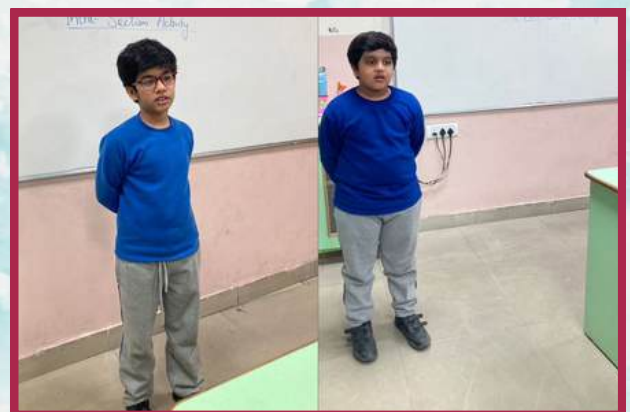

## Crafting Compliments: Puppets That Celebrate Friendship with Adjectives!

The Grade III students participated in an engaging activity that blended language learning with crafting of puppets, using paper folding techniques. The activity proved to be a fun and interesting way for the students to develop their language skills and the ability to express themselves. The students made unique puppet character while learning the importance of adjectives in making their descriptions more vivid and exciting.

## One Minute, One Voice: The Power of Spontaneity

An exhilarating Intra-Section Just-A-Minute Competition was organised for Grade IV students, offering them a dynamic platform to showcase their oratory skills. Spontaneously assigned topics, and just one minute to speak, challenged the students to think quickly and articulate their thoughts with precision. This event allowed them to express themselves eloquently and helped in honing their speaking abilities and boosting their confidence. The competition was a resounding success, fostering quick thinking, originality, and effective communication.

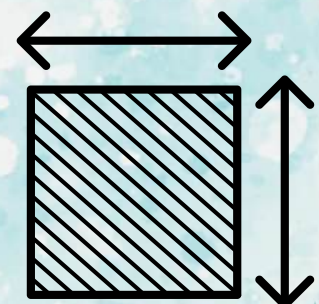

# PEDAGOGICAL ENDEAVOURS

## Exploring Boundaries: Fun with Perimeters

Students of Grade V participated enthusiastically in an engaging activity to explore the concept of perimeter. Using decorative materials like lace, ribbons, and beads, they creatively adorned the borders of their sheets. Before decorating, the students calculated the length of material required by adding the lengths of all sides, thus reinforcing their understanding of perimeter in a practical context. This hands-on experience enhanced their grasp of mathematical concepts and encouraged the real-life application of learning.

# INTERHOUSE COMPETITION

## Smash, Soar, Succeed!

The courts came alive during the Inter-House Badminton Competition for Grades IV and V. Each shuttlecock that soared through the air was a testament to the young athletes' passion and determination to bring glory to their respective houses. In the boys' category, Vasudha House emerged as champions, with Salil House as runners-up. In the girls' category, Varun House claimed first place, while Krishanu House took second, showcasing excellent skill and determination.

# INTERHOUSE COMPETITION

## Dancing Through Culture: A Celebration of Tradition

An exuberant Inter-House Dance Competition was held for Grades IV and V at Mayoor School, Noida, celebrating culture, rhythm, and tradition. The theme, "Folk and Classical Dance," inspired captivating performances that showcased India's rich cultural heritage. Students enthusiastically presented regional folk and classical dances, including Garba, Kalbelia, Punjabi, Kathak, Odissi, and Bharatnatyam, donning vibrant costumes that added to the charm of the event. The competition was a resounding success, fostering unity, joy, and a deeper appreciation for India's artistic traditions.

# INTERHOUSE COMPETITION

## Mosaic Magic: Where Art Meets Imagination

The students of Grade IV participated in an impactful Inter-House Mosaic Art Competition, designed to foster artistic expression. The event provided a platform for students to showcase their talent, explore the intricate art of mosaic making, and engage in a friendly competition that emphasized skill, patience, and innovation. Students experimented with various mosaic techniques, such as geometric patterns, colour blending, and layering, demonstrating their mastery of the medium and commitment to honing their artistic skills.

# ASSEMBLIES

## Breathe Easy, Live Healthy - Say No to Pollution

**The enthusiastic students of Grade III G presented an inspiring assembly on 11 December 2024, in observance of National Pollution Control Day.**

The assembly featured a dynamic dance performance advocating for pollution control and a sustainable future. The students also took a pledge to combat pollution and plant more trees, reaffirming their commitment to environmental protection. The event served as a reminder of the collective responsibility to create a cleaner, greener planet for future generations.

# ASSEMBLIES

## Unity in Action: Together We Achieve!

The students of Grade III-B beautifully conducted the morning assembly on 16 December 2024. The theme "Together We Achieve," highlighted the significance of teamwork. Through inspiring speeches, a skit, and a lively group performance, the students demonstrated how collaboration leads to success in every aspect of life.

The assembly served as a powerful reminder of the strength found in unity, leaving everyone motivated to embrace the spirit of cooperation in their daily lives.

# ASSEMBLIES

## Spreading the Christmas Cheer

The students of Grades V E and V I brought the magic of Christmas to life with a spectacular Christmas Special Assembly on 20 December 2024. The celebration featured a beautiful blend of heartfelt carols, an inspiring poem, a captivating skit, and an energetic dance performance. The students showcased their incredible talent and enthusiasm, spreading joy, love, and the true spirit of the season. The assembly was a delightful display of creativity and unity, leaving everyone filled with festive cheer and admiration for the young performers. It was a wonderful reminder of the values of love, compassion, and togetherness that Christmas brings.

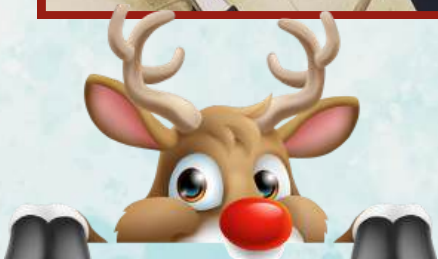

# WORKSHOPS

## Aeromodelling Workshop: Static Model of an Aeroplane

In an exciting hands-on activity, students had the opportunity to make their very own static models, designed to serve as stunning showpieces for their desks or cupboards. With guidance and creativity, the children learned the art of crafting detailed, aesthetic models that enhanced their artistic skills and added a personal touch to their space. It was a wonderful blend of innovation, skill, and fun, providing them with a lasting piece of art to cherish.

# WORKSHOPS

## Igniting Young Minds: A Robotics Revolution at Mayoor

The Vigyantaram Robotics Workshop, conducted in collaboration with Vigyantaram and Enactus IIT Delhi, provided an immersive learning experience for students, introducing them to the fascinating worlds of robotics, virtual reality (VR), augmented reality (AR), and 3D modelling. The workshop catered to students of all ages. Students of Grade III-V embarked on a thrilling journey with the 3-in-1 Robotics project, combining programming with mobile-controlled systems.

# WORKSHOPS

## Exploring the Cosmos: Earth's Eye in Space

Students of Grades III to V participated in an exciting workshop titled "Earth's Eye in Space," exploring the wonders of space. The session began with a simple explanation of what satellites are and their crucial role in space. Students learned how satellites serve as Earth's "eye" in space, helping scientists study weather patterns, geography, and even natural disasters. The workshop sparked curiosity and expanded their understanding of space technology.

## Illustrator Workshop with Ajit Narayan

We had the honour of hosting Mr. Ajit Narayan, a renowned cartoonist on 26 December 2024. With over two decades of expertise, for an engaging cartooning workshop. Known for his inspiring books *Cartooning with Ajit Narayan* and *How to Draw Cartoon Animals*, he guided students in mastering the fundamentals of expressive cartoon creation. The workshop ignited creativity and inspired students to explore the art of cartooning with confidence and imagination. It was a resounding success, leaving a lasting impact on all participants.

# STEM : Exploring the Seasons: A Hands-On Journey Around the Sun!

The Seasons Activity for Grade IV students aimed to help them understand the scientific concepts behind the changing seasons, focusing on Earth's tilt and its orbit around the Sun. Students created hands-on models to visualize these ideas, deepening their understanding of Earth's movements and their impact on life. This interactive approach not only enhanced their knowledge but also fostered curiosity and teamwork throughout the process.

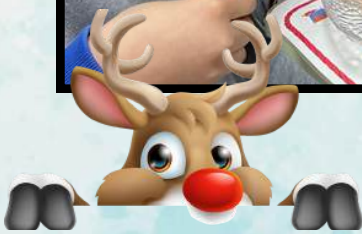

# CHRISTMAS CELEBRATION

## Christmas Celebration: A Festive Delight

The students of Grades III to V celebrated Christmas with joy and enthusiasm. The event featured a delightful muffin decoration activity where students showcased their creativity by designing colourful and festive treats. The celebration continued with a lively party time, filled with music, laughter, and cheer.

# EXCURSIONS

## A Sweet Journey of Learning at Parle-G Factory

Grade III students recently embarked on a delightful field trip to the Parle-G factory, where they got an up-close look at the process behind making their favourite toffees. From mixing ingredients to packaging the toffees in colourful wrappers, each step captivated and engaged the young learners. Informative videos further enriched their understanding of the dedication and hard work involved in creating these beloved treats. The trip was both fun and educational, leaving the students with sweet memories and valuable lessons about teamwork, dedication, and the importance of appreciating life's simple joys.

EXCURSION

TOUR

# EXCURSIONS

## Exploring Art at Kiran Nadar Museum

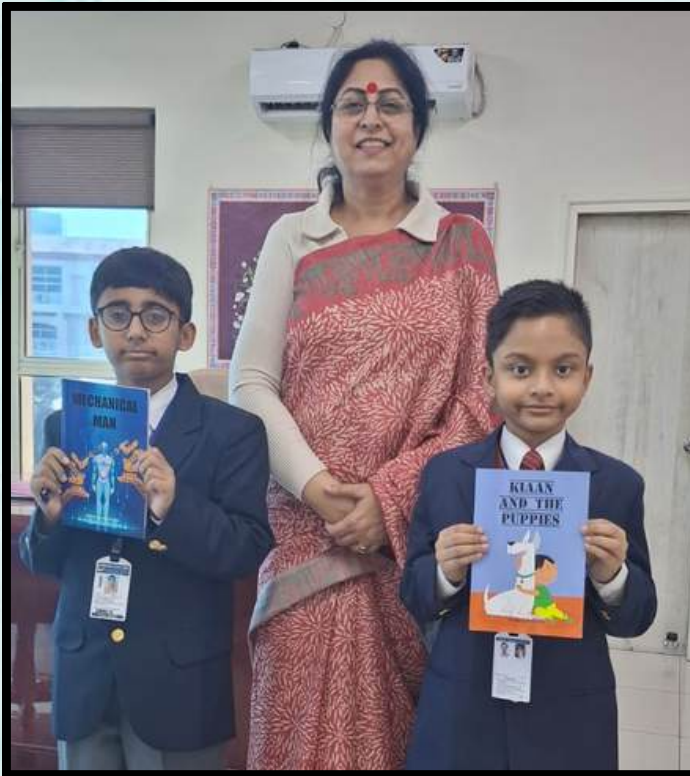

Grade V students visited the Kiran Nadar Museum of Art (KNMA) to explore modern and contemporary Indian art. The museum's diverse collection helped students understand the cultural significance of various art forms. They discovered different artistic styles, from traditional to contemporary, sparking their interest and creative expression. The visit broadened their appreciation for Indian art, encouraging them to think critically and creatively. The interactive exhibits left a lasting impression, inspiring students to explore their own artistic potential.

# CREATIVE CORNER

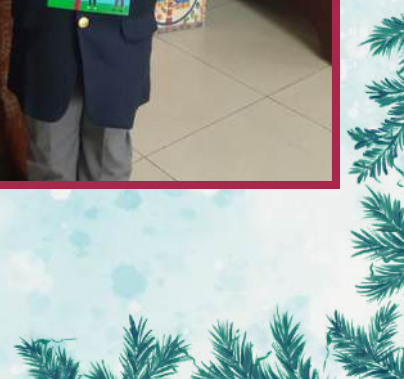

## Budding Authors

The achievements of two of our exceptional Grade III students, Adhrit Yadav and Kiaan Kar, deserve special recognition as they have both recently published their first books. Adhrit's 'Mechanical Man' showcases his creativity and passion for storytelling through an imaginative tale about robots, bringing his ideas to life with brilliance. Meanwhile, Kiaan's 'Kiaan & The Puppies' is a heartfelt story that inspires readers to care for animals and embrace kindness, reflecting his thoughtful and compassionate nature.

We are excited to celebrate the achievements of two talented Grade III writers, Mrigankashekhar Sen and Ishna Gupta, on the publication of their first books. Mrigankashekhar Sen's book 'Krishna and the Angry Monkey' showcases his creativity with an imaginative tale about a boy named Krishna and a monkey. Ishna Gupta's book 'Friend in Need' is a heartfelt story about compassion and helping friends in need. We are proud of their talent and look forward to more inspiring works from these budding authors!

# LAUREL IN SPORTS

## Rhythmic Gymnastics Champion: Vaanya Arora Shines at State Level

Vaanya has made her mark in the world of rhythmic gymnastics by winning an impressive 3 gold medals at the state level competition. Her dedication and exceptional skill were on full display as she clinched top honours in multiple events. Vaanya's remarkable performance reflects her hard work and perseverance but also her passion for the sport. This achievement adds to her growing list of accomplishments, and she continues to inspire her peers with her commitment to excellence.

## Dear Friends

I am Aaradhya Pathak, the Amber House Captain. Actually, my classmates are just like you. But there is a healthy competition among us to perform better. All worthy students do their best and make decisions. Every decision is an opportunity. Speaking for myself, I remember that I will never stop striving for excellence in whatever I do. My suggestion to you is: "Nurture high hopes and have big dreams." An important thing to remember is that everyone is worthy. Maybe they have different talents—like someone might be good at running, while another might excel in studies.

Therefore, we should treat everyone fairly and with respect.

Aaradhya Pathak

## "YOU CAN DO THIS"

Believe in yourself, stay focussed, and persevere through challenges. Your hard work and determination will unlock your potential, leading to magnificent achievements and a brighter future ahead.

As Theodore Roosevelt once said, "Believe you can, and you're halfway there."

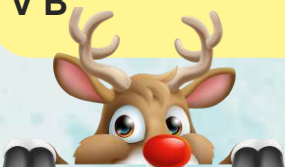

Darsh Milan Singh

### Dear Friends,

As your house captain, I believe in each one of you. I encourage you to dream big, work hard, and never give up. Together, with unity and determination, we can achieve greatness. Success isn't just about winning; it's about giving your best and supporting one another. The future belongs to us – let's shine!

Samar V-A

I wanted to take a moment to reflect on a quote by Leonardo da Vinci that has always inspired me: "Learning is the only thing the mind never exhausts, never fears, and never regrets." This beautifully reminds us that every day presents a new opportunity to learn and grow. It is essential to keep reminding ourselves of our capabilities. Never lose the spark of curiosity. Remember, the only limit we have is the one we set for ourselves. Let's continue to strive for greatness and encourage each other along the way!

Raghav Bali  
V E

What is the purpose of life? Think about it for a moment. The purpose of life is happiness! Some people do not honour their lives just because of some problems. They live day by day locked up feeling guilty of what they've done or what has happened. Well, if any of you are going through this hard time, please remember BE HAPPY! Always stay positive! Stop remembering the hard times in life. As Alice Walker once said "Don't wait for the people around you to be happy for you. Any happiness you get you've got to make yourself"

Vinisha Pandey

# VERSES FROM THE HEART: SELF-COMPOSED POEMS

## Crafting Dreams with Every Line

### My Nation My Pride

Where the head is held high, and no one is shy.  
Where everyone is bold, and shines like gold.  
Where the people breathe free, in the so touching breeze.  
It is my nation and I am proud to be an Indian.

Where democracy stands strong, and culture fabric cannot be torn  
Where common man has power, and each day blooms like a flower.  
Where unity lies in diversity, and everyone is treated with equality.  
It is my nation and I am proud to be an Indian.

A country rich in agriculture, and proud of its 5000-year-old culture.  
Where children rise, shining bright, with dreams that soar, touching new heights.

A country braced for a future grand, facing challenges with a steady hand  
It is my nation and I am proud to be an Indian.

### Omar Kashif Baig (V G)

### Nature's Hue

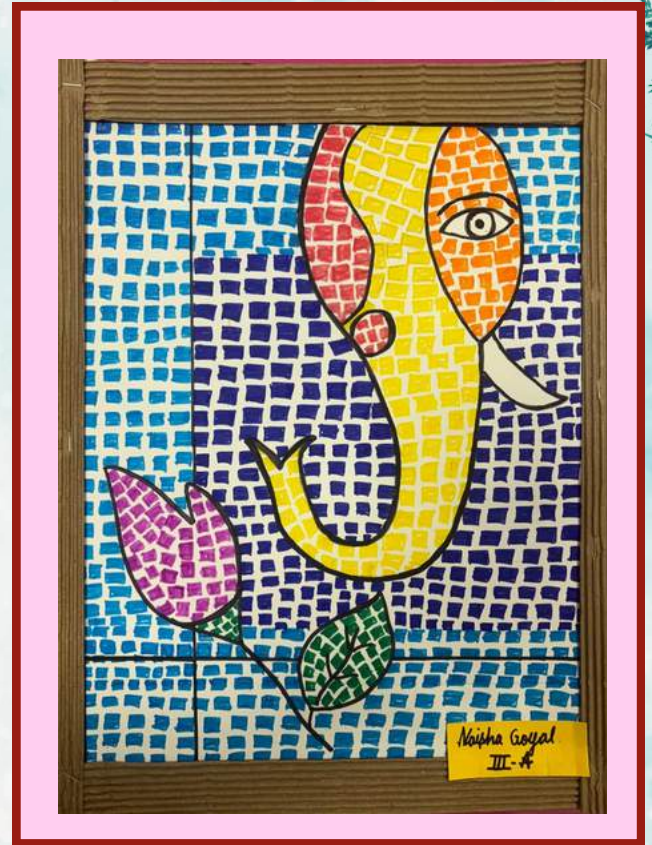

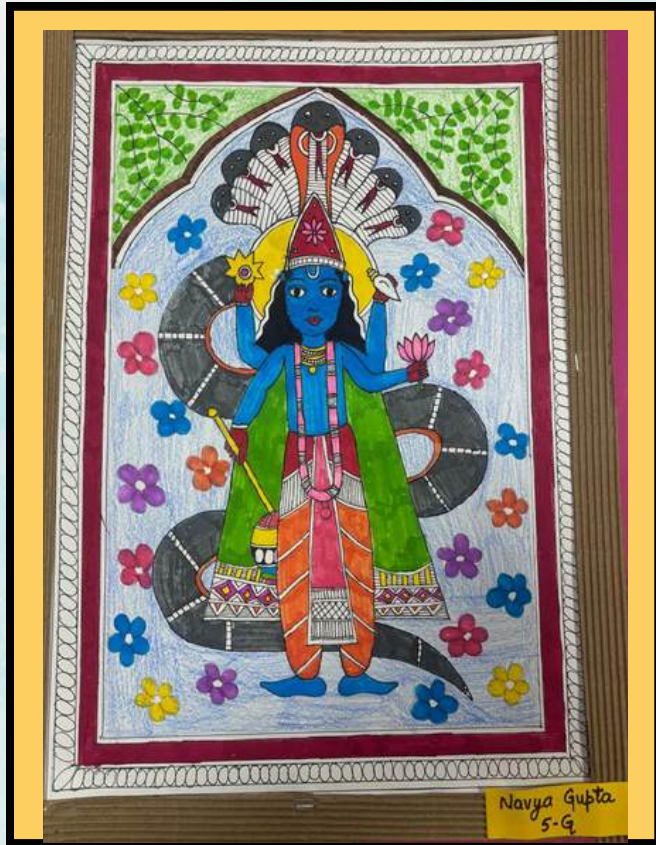

The morning blooms with a golden glow,  
Sunlight dances where wild flowers grow,  
A soft hum drifts through the balmy air,  
Bees of work in a meadow fair,  
Citrus hangs on orchard trees,

Their fragrance mingling with the breeze,  
Barefoot trails through fields of wheat,  
Warm earth rises beneath the heat,  
Night descends with a velvet hue,  
Stars slip out one by one in view,  
The moon a lantern soft and wide,  
Guides the summer's peaceful tide.
